1. Article 1. Supervisor's Duties

- 1.1. The Supervisor of Officials, hereafter referred to as the Supervisor, shall be the President of the Board of Directors, hereafter referred to as the Board, and shall be responsible for the administrative duties of supervising officials during the water polo season;
- 1.2. Subject to the control and supervision of the Board, the Supervisor shall be the Chief Executive Officer of the Ohio Water Polo Referees' Association, hereafter referred to as OWPRA, and shall supervise, direct and control the activities and affairs of OWPRA;
- 1.3. The Supervisor or his/her designee shall preside as Chair at all meetings of the Board and the Annual Business Meeting. The Supervisor shall perform all duties incident to his or her office as described in OWPRA's Bylaws and Policies and Procedures, hereafter referred to as the P&P, or which may be prescribed from time to time by the Board;
- 1.4. Be responsible for communicating with Ohio high school water polo coaches the current rules and interpretations that will be used. An open forum will be held at the beginning of each season, which allows coaches to ask questions and gain clarification of how rules should be applied;
- 1.5. Any concerns about an official's ability to take a game to a fair conclusion shall be reported to the Supervisor. Any ethical concerns should be reported to the Supervisor, and the Supervisor will forward these concerns to the Judicial Committee, hereafter referred to as the JC, for action;
- 1.6. Be responsible for coordinating the training of officials. The Supervisor and/or his/her designee shall hold a minimum of one (1) annual training meeting and conduct a minimum of four (4) training hours during the course of the season for those officials not completing at least one training course with USA Water Polo or the Water Polo Academy. Training consists of acquiring an understanding of the rules and concepts of the sport as well as their practical application in the role as an official. Each official will demonstrate competency of the rules and concepts of the sport through a rules test given prior to officiating any games (excluding scrimmages). Each official will practice the proper application of the rules during scrimmages, clinics and/or non-conference contests prior to or at the beginning of the season;
- 1.7. Be responsible for coordinating the evaluation of officials. The Supervisor may use, at his or her discretion, observers to assist in the evaluation process. Evaluation consists of formal and informal observations during the course of the season. The informal observations can be written or verbal in nature and are given during training sessions, early season contests, or through conversation when officiating with that official;

- 1.8. Be responsible for the assignment and/or delegation of assignment responsibilities of contests to officials. The Supervisor is responsible for collecting all contracted school schedules relating to his or her sport. The Supervisor will assign officials to contests based on the experience of the official, the rating/rank/level of the official, the difficulty of the contest, and the availability of the official;
- 1.9. Be responsible for the recruitment of officials. Emails or letters shall be sent to each official calling for their return and the encouragement of them finding new officials. The local media may be used to announce the need for officials at the beginning of each season;
- 1.10. Be responsible for the certification of officials. Through all of the processes listed above, the Supervisor will certify that each official is knowledgeable of the rules, competent in the skills, and capable of officiating contests to a fair outcome;
- 1.11. Be responsible for the assignment of officials to all games. This includes weekday games, weekend tournaments, and post-season contests (regional and state tournaments). Absent “extraordinary circumstances” (e.g., lack of sufficient number of referees), only those officials evaluated at the level of “Level 3” or “Level 4” may be assigned to post season contests. Assignments are based on the availability of the official, number of post-season contests, and evaluations throughout the season. See, also, Article 6, below.
